

## Topper AGM 2021

### Topper Boat Builders report

**Apologies From** Martin Fry, Robert White, Rick Reading,

#### Boat sales

Topper sales were down last year due to COVID19 and staff on Furlough April 2020/March 2021 which was our financial year end

UK BOAT sales were had seen a slight decrease in 2020/21.

Unfortunately COVID19 has seriously affected our business however we are starting to see signs of growth in **2021/22** for the UK retail sales buy a small percentage because people are staying at home and not travelling so much. The good news is that our after sales were up 38% because of people reactivating their older Toppers
